

# FREE initial Consultation !

*Architects Delivering  
your Vision  
...Nationwide !*

**Here's what to expect...**

- ❑ Up to 2hrs of our FREE time assessing your needs and advising you of the possibilities...
- ❑ Learn the process of negotiating your way through the Planning and Building Warrant process...
- ❑ Tap into our established network of professional consultants who understand the delivery process...
- ❑ Stop wasting cash on other professional services which don't meet your demands...
- ❑ Stay enthused about your vision...

block architects®

**What Quality of Service do you receive from your architects?**

**How clear are you about the design process?**

**How much does the Planning and Warrant process confuse you?**

**During your FREE initial consultation you will be given the chance to see how we can deliver your vision. You will walk away with concrete ideas on how your project can be achieved and with full confidence in how we at block architects® can deliver it. You will leave this consultation with direction and know that you have spoken with professional architects who have your peace of mind at the fore.**

***NOW THAT'S AN OFFER!!!***

## Communication is key...

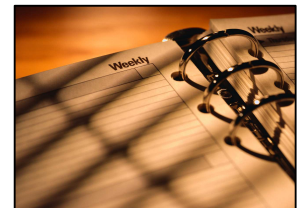

At **block architects®** we understand that construction projects can be testing for everyone involved. Our tried and tested service recognises that good communications between the whole design team and the client ensures the realisation of the vision. We operate on a full communication policy and will call, email or write a letter in order to keep everyone informed. Contact us now if your professionals are not keeping you informed.

*Professionally dedicated team*

## Complete design and delivery ...

Not only can we design your project and negotiate with Local Authorities on your behalf, we can also assist you and your Contractor in the delivery of the project. We can take control and assist in the organisation of your Contractor to ensure that your requirements on costs and programme dates are delivered. We can provide full site inspection and sign off facilities on projects over £100,000 construction cost. If you want us to assist in delivering your project call now for a no obligation chat.

*Take control & get organized.*

## Our professional networking base...

After several years of working within Scotland's Central Belt we have established good working relationships with professionals in various disciplines who are all at the top of their game. This network is available at your fingertips.

*Absolute Value for Money*

## Case Studies: Block Clients Tell All ...

Please contact us and tell us a little more about your project and we will direct you to the appropriate client who will give you a positive reflection of our services and how we delivered their project taking all of their worries away..

*Walk away with a smile.*

**Here is your opportunity to obtain your vision...grasp it today!**

It all starts with a vision...your vision!

## Don't take our word for it - this is what some past clients have said...

*"Every time we invite block architects to assist our clients they approach it professionally and always offer interesting ideas which complement our clients' requirements. Block Architects' excellent technical know how and design skills make our clients projects extremely easy to deliver. "*

(Design & Build Contractor, Edinburgh)

*" We were introduced to block architects through our accountant. Block is a young dynamic company who lay it out in simple terms and throw a lot of personality and personal commitment into all of our projects, large or small."*

(Pub Owner and Restraunteur, Uddingston)

*"We had no idea how difficult it was going to be to negotiate our house through the Planning Process. Block Architects have good relationships with the local authorities and have held our hand through the whole process. They have kept in contact with us and we have been fully informed throughout"*

(Private Client, Clyde Valley)
